SERVICE

TRAVEL SAFELY FROM THE AIRPORT TO THE CAMP AND BACK

Are you considering going to a SportWays Overnight Hockey Camp or did you already book one? Great to have you (almost) on board! Get ready for the best week of your life.

It is time to start prepping, and arranging transport from and to the airport is one of the first steps. Luckily, we can help you with that! We offer a pick up and drop off service from and to the airport, so you (and your parents) can relax and enjoy the trip.

SportWays Airport Service

If you are traveling by plane (or train), we can pick you up and/or drop you off at the airport. You can book either the single service or the return service. We have been doing this for many, many years, so we are familiar with the airports. We know exactly where and how to pick you up and drop you back off.

Upon arrival, we will guide you from customs to our car or small bus, by which we will drive you to the camp site. When you are going back home, we will take you back to the airport well in time and stay with you until customs. We'll help you with your luggage and check in, and make sure that you go through customs with enough time to spare so you'll definitely catch your flight.

We only offer our airport service on the first and last day of our camps. We offer the airport service exclusively at Schiphol Amsterdam Airport, Brussels Zaventem Airport, and Barcelona Airport-El Prat.

TIME FRAME, UNACCOMPANIED MINORS AND YOUR FLIGHT DETAILS

We have a set time frame for our Airport Service. This time frame is for the arrival and departure of your flight. We kindly urge you to take this into account and make sure you'll arrive and depart within this time frame. If you arrive or depart outside the time frame, we cannot guarantee a pick up or drop off.

Spain

Single service: € 45,-
Return service: € 70,-

Pick up time frame: 10AM - 3PM
Drop off time frame: 7AM onwards

Unaccompanied minor service

Some airlines have a minimum age for flying alone. If you are too young - according to the airline - to fly alone, you need to book the unaccompanied minor service. Details and regulations of this service depend on the airline you are flying with.

The one who picks you up at arrival needs to identify him or herself. You need to pass down personal details about this person to the airline. Please note that this is the only person who is able to pick you up. Please send us an [email](#), and we are able to provide you with the correct details.

Add your flight details to your account

After you have booked your flight, you need to add your flight details to your SportWays account. You can read how to do so [here](#).
